ABOUT THE MATRIX CONFERENCE

OCTOBER 15-18, 2025 · STRASBOURG, FRANCE

Join us for the biggest meeting place for those deploying Matrix-based workplace solutions!

Our audience are public and private sector leaders, technologists and product managers, FOSS maintainers, contributors, and Matrix enthusiasts.

This is THE gathering place for people who care about secure, private, decentralised communications, as well as encryption, standards, data sovereignty, digital rights, and digital public infrastructure.

Over four days we'll have at least three days of keynotes, breakout sessions, and open spaces, and a day of contributor sprints and meetings.

WHY SPONSOR

Brand recognition

Make sure your brand name is known when talking about Matrix.

- Success stories of Matrix deployments and their limits.
Figure out where you can jump in and help.
- Get your product or service in **front of the decision makers.**

QUALITY CONNECTIONS

- All access on-site: **connect meaningfully** with organizations that use Matrix.
- **Brand awareness** with packages that include promotion ahead of events, digital and physical signage plus mentions in announcements on-site.
- A space for **quality conversations** and demos about your product and service.

SPEAKERS & ATTENDEES IN 2024

SPEAKERS

We brought together 52 leaders on data sovereignty, open standards, privacy, leaders from the public sector and organisations building on Matrix, project maintainers, and spec experts.

AUDIENCE

236 attendees from 12 countries across 3 continents, including delegates working for 79 different large organizations who directly specify or influence Matrix-based purchasing decisions.

SPEAKERS & ATTENDEES IN 2025

SPEAKERS

With one additional conference day than in 2024, we expect to get more than 70 speakers from the public sector, vendors, and Matrix experts.

AUDIENCE

The 2024 edition was sold out and we received a lot of requests for extra tickets from public sector delegates and vendors. In 2025, we expect the conference will attract 300 participants.
